REUSABLE CUP FOR FEED STATIONS

When collecting your race pack, all participants receive a reusable cup to be used at the feed stations. We do not have any single-use cups at our feed stations, so you need to have one with you to make sure you keep hydrated at the stations. (Note: the use of this specific cup is not mandatory; you can use any cup of your choosing.)

POST-RACE KIT

Your post-race kit refers to the non-race clothing you turn up to the race in and want to have back at the finish—don't confuse this section with your obligatory equipment. When you collect your race number you will receive a sticker with your race number on it. Stick this number on your own bag containing clean clothes for after the race.

Drop this bag at the designated spot at the start and these will be transported by the race organisers to the finish zone.

RULES

- Runners must follow the waymarked route on the Salomon 27K / Ottsjö 12 km race routes.
- All participants must be aware of the inherent risks when competing in an off-road running event like this. Any seriously injured athletes will be escorted to safety as quickly as possible by the event's designated first-aid staff, however, the weather and terrain conditions can affect the speed with which a rescue can be carried out. As such, it is essential that athletes adhere to the obligatory kit list.
- All litter, including gel wrappers, bottles etc., must be carried until you reach the nearest checkpoint or the finish line.
- We ask that all competitors take responsibility for their own wellbeing as well as those around them. As such, we expect you to take care of an injured athlete until help arrives.
- If an athlete wishes to pull out of the event, you have to inform the nearest staffed checkpoint.
